“The Xtreme court at our home is great. We use the heck out of the court, love the cushion for tennis and basketball and my young sons use the surface as a play area.”
Sean Delano, Residence, Arkansas

According to Mr. Fergus Henderson of MA, they have had many players comment on the great feel and performance of the Xtreme courts in their neighborhood. The Xtreme system solved their cracking problem.

“The Nova’ProXtreme surface was installed on our track and basketball court. We have been very pleased, the surface is put under tremendous stress from use and extreme heat, sun and dust and has worked well.” Accel School, Phoenix, AZ
